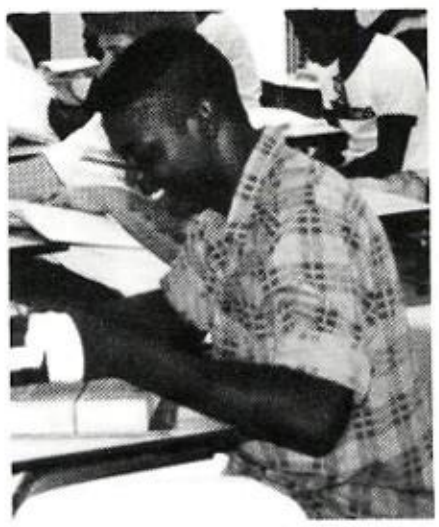
In another time and in another England, knights ruled the land in golden age of chivalry. The pride growing at E.H.S. lights up the days and nights of an England in an age that will surely be golden in the minds of all its students. We, the annual staff of the 1988 Lion, have tried to capture the essence of this golden age. In the following pages, we hope you will join us for a journey through the mystic realm known as E.H.S. '87-'88.

Keep our dear old
colors flying
The purple and the
gold;
Never give up keep
on trying
As in days of old.
Win for dear old
Alma Mater,
and keep our name
on high;
We will sing and
fight
together
So our name will
never die.



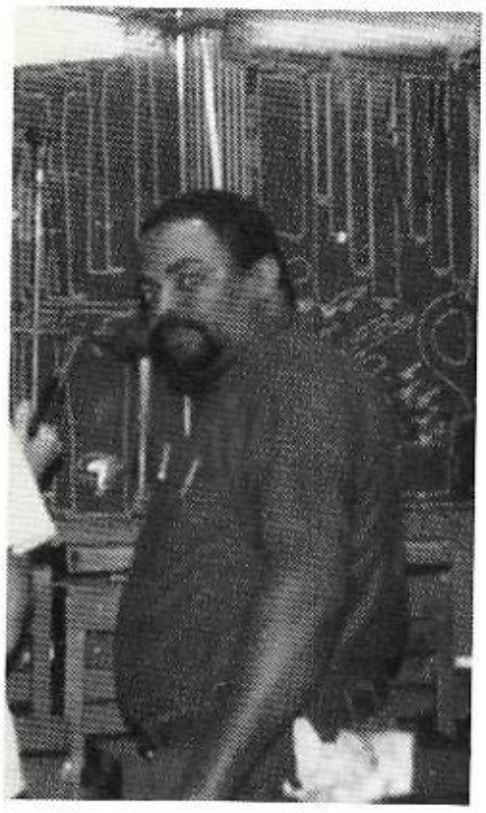
The Honored

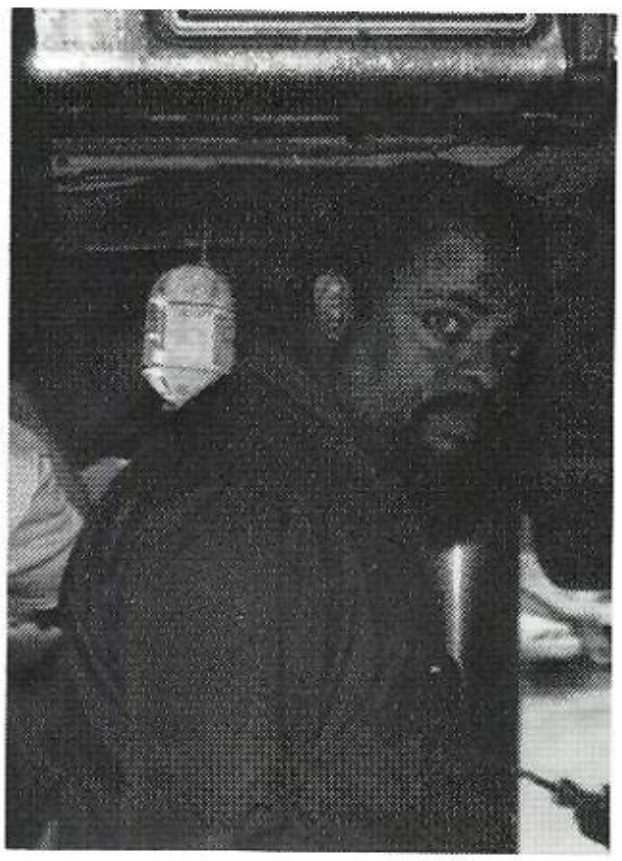
The 1988 Lion Annual Staff took care in finding just the right person for this year's dedication. With deep respect and admiration, we present this yearbook to you, Mr. Garland MacRae.

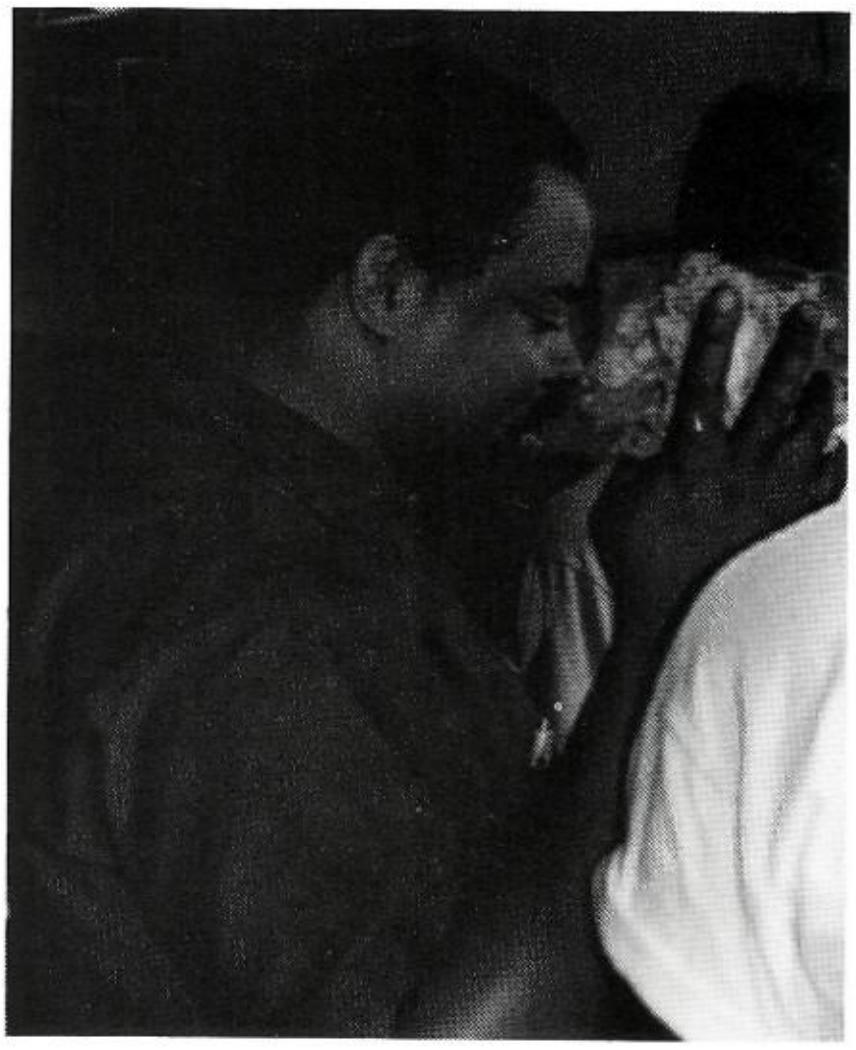
After graduating from Bradley County High School in 1965, Mr. MacRae attended AM&N at Pine Bluff, AR, and received his B.S. degree. Mr. MacRae has been with England High School for a total of 18 years and presently is teaching auto mechanics and repairing buses.

Mr. Mac, as he is commonly called by everyone, is married to Kathella and has two children, Rhonda and Garland III.

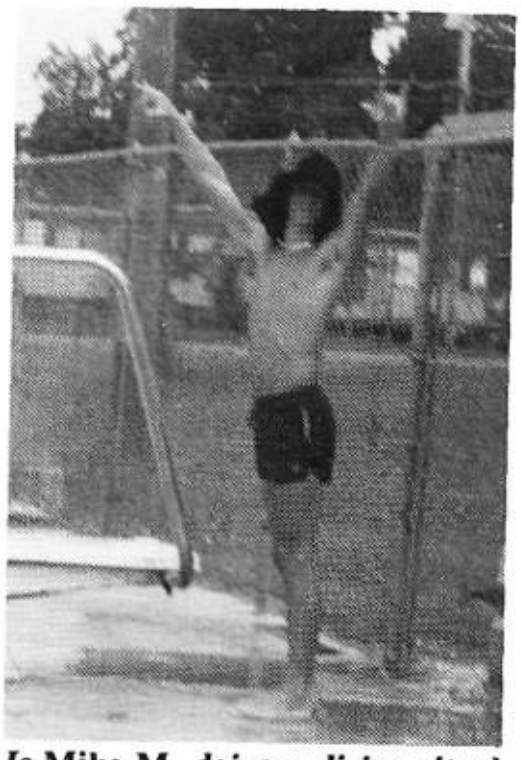
For your unselfish service and enthusiasm, we are proud to dedicate this book to you, Mr. Mac.







What Did You Do This Summer?



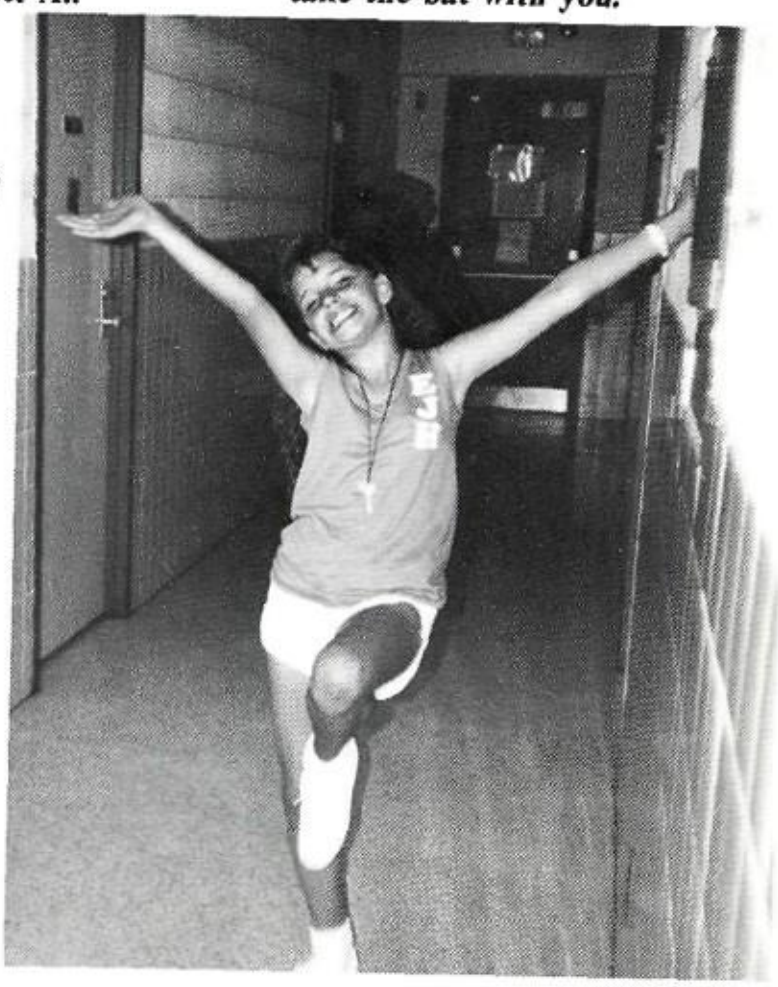
Is **Mike M.** *doing a diving ritual or just showing off?*

No, the annual staff is not asking you to write an essay. That's left up to the teachers! What the annual staff has done this year is make a brief jump back to the summer of '87. We caught a few of EHS's students in their normal and not-so-normal summer activities. Usually, the annual is used for the purpose of telling what events occurred during the school year. Well, we ventured beyond that and captured some summer memories in pictures. You may be surprised at what some of these people were doing!

Jerry A., *you sure get excited about pumping gas!*

***Don't exert yourself too much,* Scott A.!**

***Remember,* Adam C.,** *you can't take the bat with you.*



***Is that a new cheer you learned,* Janea?**

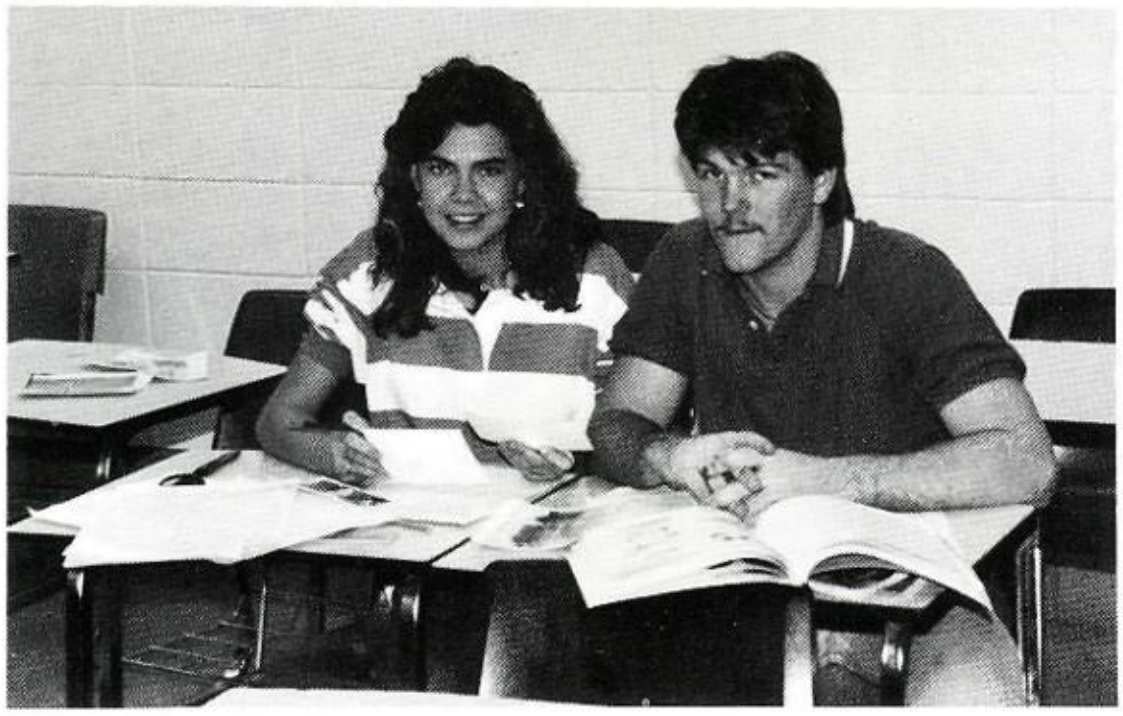
Wow, **Scott A.** *has an interesting job, holding up buildings!*



Jennifer N. *and* **Neal S.** *are enthused about working on the yearbook after attending the workshop in Conway.*

Did **Jay S.** *and* **Trey S.** *spend their whole summer riding three-wheelers?*

We wonder if **Scott C.** *and* **Mike M.** *delibertly injured themselves so they wouldn't have to practice.*

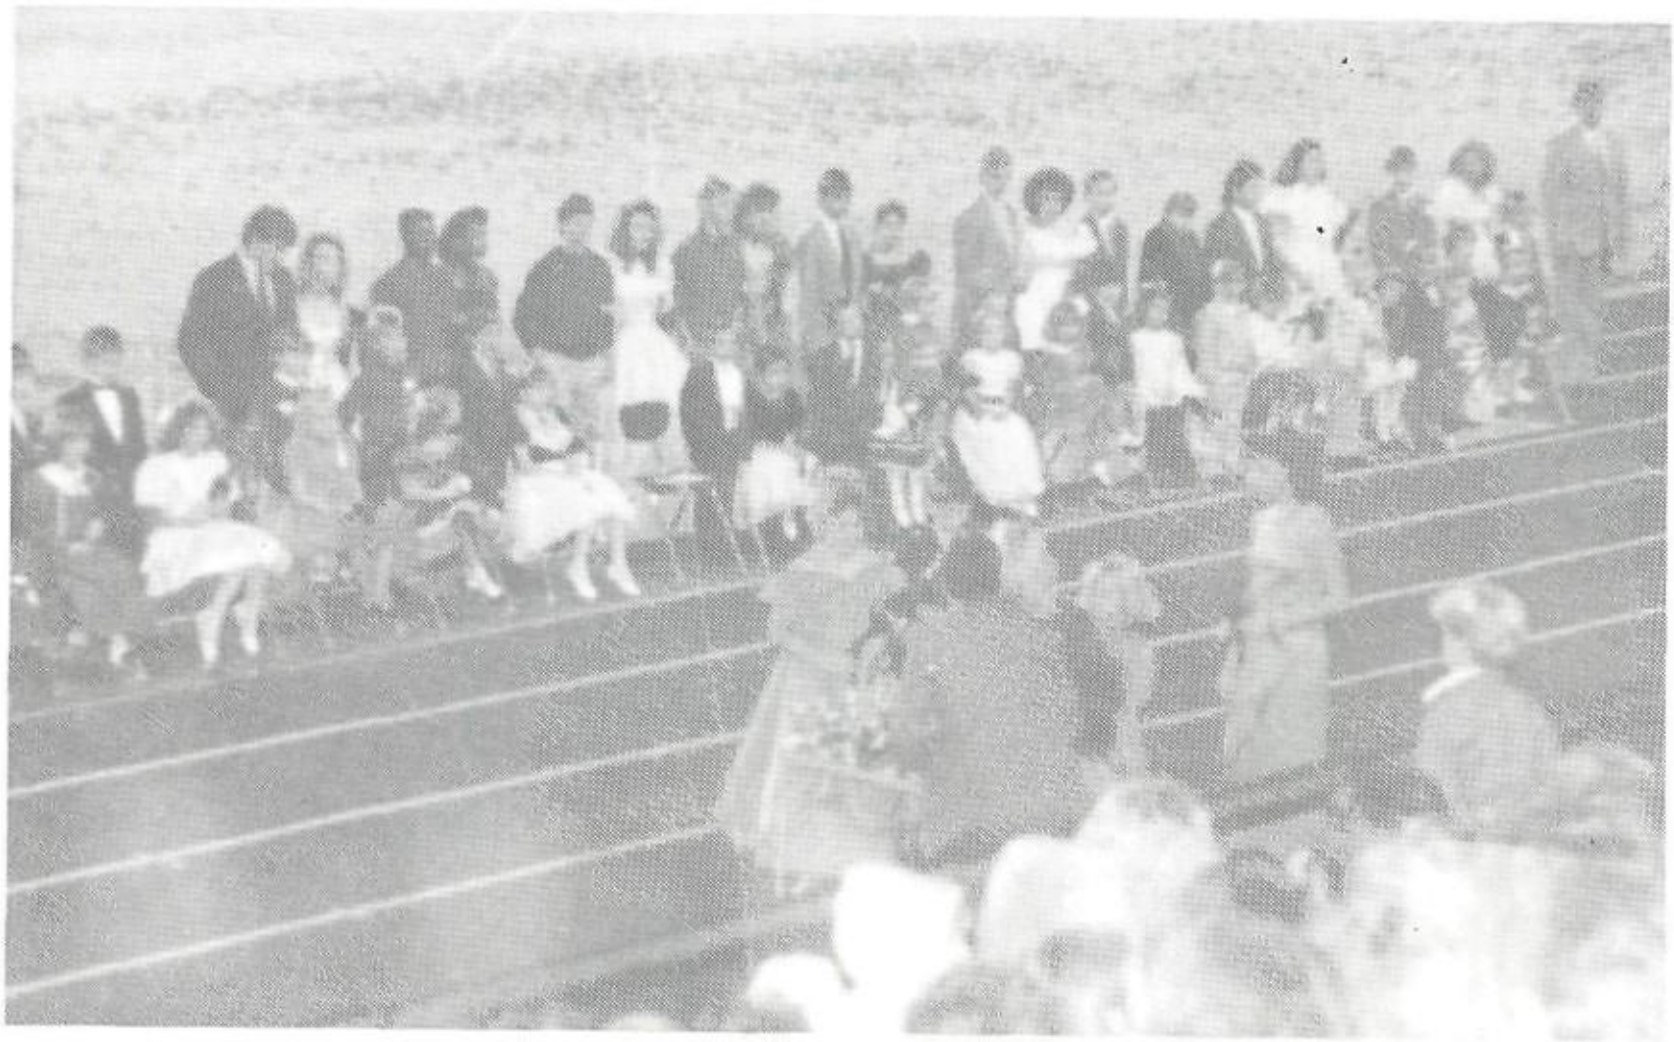
Turning Harvest Time Into A Festival At E.H.S.

On a chilly November 14th, the band boosters held its annual E.H.S. Harvest Festival. Many attractions, such as a cake walk, bingo, a jail house, a marriage station, and numerous candy booths kept loyal supporters busy. After throughly enjoying themselves, people gathered on the football stands to watch the procession of candidates and their escorts. Raising the most money for the high school, Renee Baker was crowned queen, and because Angel Sims raised over $1000, she was crowned princess. Dur:ng the Harvest Festival, a total of $4,742.86 was raised for the band.

Decked out in their finest, the candidates wait for the announcing of the Harvest Festival Queen.

Brian M. *checks out* Queen Renee B.



That sure is a big sucker for such a small girl!

Evening in Paradise

An aura of the tropical islands with the scents of exotic fruits and fresh flowers, the aroma of wet sand and burning torches, and the colors of the bright floral shorts and grass skirts descended on England on May 15th, 1987. The night was truly an evening in paradise for those who attended the prom in the England High School cafeteria, provided by the junior class. Some arrived in dad's old clunker and others came in chauffeur driven limousines. Whether a couple enjoyed the banquet or McDonald's, the evening that followed would not be soon forgotten.

The banquet began with a welcoming speech given by the junior class president, Kevin Scribner. It was followed by a response from the senior class president.

Shortly after the welcoming speeches, dinner was served. The menu consisted of the following: shrimp cocktail, marinated chicken on rice, broccoli with cheese sauce, and strawberry shortcake. The beverage served was punch.

After dining on a delicious meal, the students retreated home to change for the dance. Appollo II, which was a video screen showing all the latest music videos, provided the entertainment.

The junior class worked hard to raise the money for the prom, and the effort put into making the prom special was deeply appreciated.

Celebrating A Tradition

It arrived in a blink of an eye - Homecoming week 1987 was here! The students of EHS once again went to great lengths to show their spirit during spirit week. Monday was Stuffed Animal Day, and everyone got to bring his cuddly animals to school. That night, a bonfire blazed behind the tennis courts to get spirits "Fired up" in the cool night air. Tuesday was Nerd Day, which proved there is a little strangeness in everyone. Masquerade Day, Wednesday, brought the most participation. There were many original ideas used to make very unique costumes that ranged from clowns to ghosts and goblins. With Thursday, came the Mafia. Gangster Day put students wearing dark suits, hats, and sunglasses, and toting machine guns. Friday was the traditional Purple and Gold Day when everyone showed spirit by wearing school colors. A pep rally got everyone really excited for the big night ahead.

The afternoon parade included floats from clubs that had worked all week, silly looking clowns, the marching band, and the yells of cheerleaders. The coronation began at 7:00 when the maids and Queen Michelle took to the field. Combining their voices of cheer the players, the junior and senior cheerleaders released purple and gold balloons after each touchdown while the purple mafia set off fireworks. The football team won a well deserved victory by beating Carlisle 36 to 18. After the game the annual Homecoming dance was held in the cafetorium. With Mark McCain as disc jockey. Popular songs blared and lights flashed as everyone danced. This ended another memorable Homecoming at EHS.

Could Alecia H. & Phillip B. *be a future Homecoming queen and captain of the football team?*

In Loving

CRISES

Be not dismayed if you are over-whelmed
By loss that has no answer on its face,
Or grief that leaves your very life unhelmed,
Or rage that makes you, briefly, lost to grace.

The passion of the hour will pass away.
No turbulence can crest and hold for long
Our crises come to visit, not to stay
The heat of anger often cools to song.

The testing hours of danger, ruin, birth,
Or worsening disease that holds no hope,
Provide new concepts of our strength and worth;
And probe our tolerance, our depth, our scope.

The calmest life must have its ebb and flow.
We cannot function, drifting with the tide;
And we must have our crises, who would grow.
Bear faithfully the storm. It will subside.

I, Donna Tucker, being of sound mind and body hereby bequeath the following: to Brian, the ability to graduate from kindergarten with E's for effort; to Tanya, my last minute jokes because hers are old; to Terri, Pam, Lisa, Tan, Emma, and Brenda, my everlasting friendship.

I, Melissa Tungate, being of sound mind and body will the following: to my sister Jennifer, all the good times I have had at EHS; to Andy, all the love he can handle; to the 1988 flag line, the ability to get along; lastly to the 1988 band, good luck!

I, Sheila Webb, will the following: to Janna and Kristie, the ability to stick with one guy as I have done with Doug; to the 1988-89 flag line, another delirious co-captain; to my brother Kevin, four successful years at EHS, and to the seniors of '89, good luck!

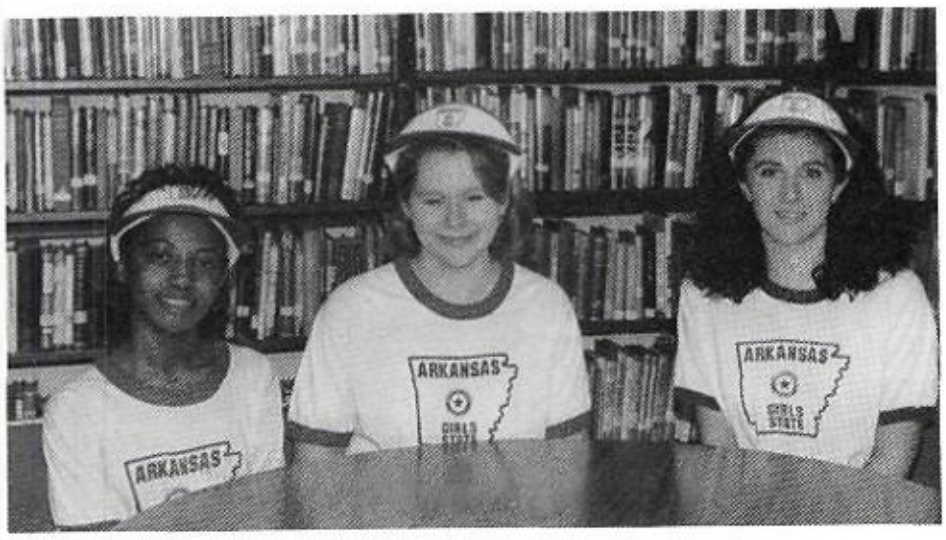
I, Jamie Westbrook, being of great sound mind and sexy body hereby will the following: to Nikki, all my love; to Amy C., the ability to keep Joel with her on the weekends; to Mr. Tipton, a shop full of genny-horns.

I, Mike Westbrook, being of one-track mind and loveable body hereby will the following: to both my brothers, John and Jamie, the ability to pass with good grades and still party til the break of day; and to Mrs. Right, the ability to find me before it's too late.

I, Jeff Wood, being of newbombed mind and drunken body leave the following: to Dawn Murchison, all the tables she can wait on at the Pizza Factory; to Brad Whitehead, someone else to make toast with him; and to Laurie Morris, someone to argue with at lunch.

I, Scott Wood, do hereby leave the following: to Cavin Bailey, the ability to party all week long and still stay strong; to Michael Hansell, the ability to stay uptown past 8:00; to Coach Wilson, a toupee; and to the class of '89, some stripped uniforms so you can have the "in" look.

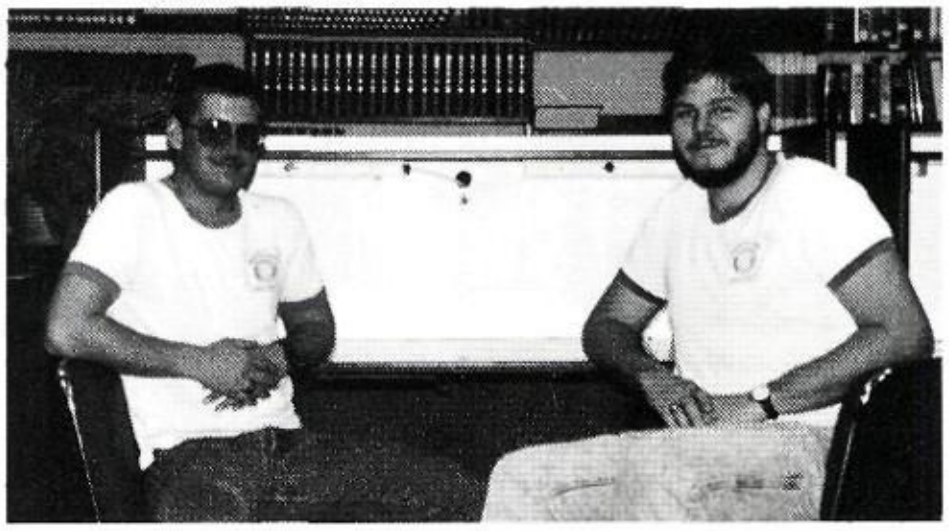
Girls' State



"For God and Country" that is the motto for the 45th session of the Arkansas Girls' State. Sheila Kearney, Karol Ezell, and Ashley Godsey represented England High School at Quachita Baptist University on June 7th, through the 12th. During their stay, they met new friends, learned about the government and its functions, and made a special trip to the Capitol.

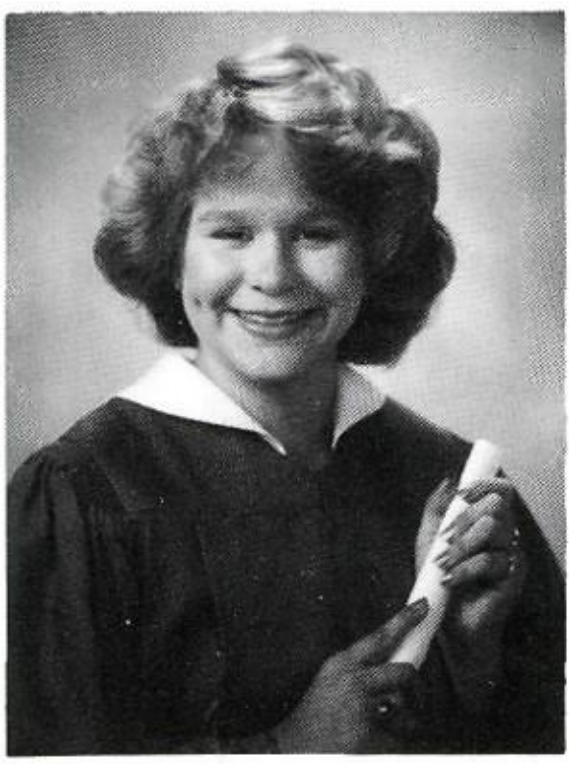
Boys' State

Boys' State is a six day training course to study for the practical application of problems in self-government. It is not meant to take the place of a course of civics or government taught in high schools throughout the state, but is planned so that boys may put into practice the theories of American government through operation of the city, country, and state offices as organized under the plans of Boys' State. This year Adam Henderson and Dan Roberts attended Boys' State at UCA from June 5-13.



National Merit Semifinalist

This year Karol Ezell was a semi-finalist in the National Merit Competition. To become a semi-finalist, a senior must have a high score on the national PSAT test, which ranks him/her in the top 1% of the states' senior classes. Karol also participated in a program called Middle South Utilities: Summer Leadership Institute, on June 17-27, at OBU. She earned three college hours for this course and all expenses paid. Karol also had the opportunity to attend the AEGIS Summer Science Institute: Chemistry Institute. She had one week of advanced study under professors at UALR and was given the chance to experiment with chemicals and specialized equipment on an advanced level.



Presidential Classroom

What is Presidential Classroom? It is a program which offers outstanding high school juniors and seniors nationwide and worldwide a firsthand look at the federal government in action. These students visit Capitol Hill and meet with their senators and representatives, as well as, congressional advisers who discuss national and local issues. Also the students express their ideas throughout the week in lively discussions. This year Melanie Douglas, a senior, traveled to Washington, D.C., to participate in this program.

Hugh O'Brian Award

This year Kristie Chadick attended the Hugh O'Brian Youth Foundation or HOBY seminar on May 8-10, 1987, at the Excelsior Hotel in Little Rock. This weekend seminar challenged Kristie to develop a better understanding of the United States free enterprise system and the functions of the business world and the political system. Because she was chosen to represent England at HOBY, she received an outstanding Sophomore of the Year Award.

Epcot

The Arkansas State Standards for Education mandated every school district in the state to develop a plan to serve those students who are identified as gifted and talented. The England School District began its development process of gifted program in 1985. An Advisory Council was formed, and this committee developed a philosophy, goals, and all documents that are used in the due process selection of G/T students. This Advisory Council also named England's Promising Citizens of Tomorrow. The identification process includes parents, teachers, and students. All identified students are to be served 150 minutes per week. Elementary students are served through a resource room- the EPCOT Center. Secondary students are served through 7th-9th grade seminars, AP English IV, Honors English I and II, and history classes. Students in EPCOT classes are given instruction in critical and creative thinking skills, research skills, affective education, and problem solving and reasoning skills. A differentiated curriculum is encouraged in the regular classroom.

Special Olympics

In December, 1987, Mrs. Hill's class participated in the Special Olympics Bowling Tournament held at the Professor Bowl in Little Rock. The students were divided into four age groups with all participating students winning a blue ribbon. Also the students will participate in other Special Olympic events in the spring.

Stepping In The Right Direction

Hoping to improve the quality of education in Arkansas, the state legislature passed many new standards. These standards affect everyone and the England School District changed several rules for itself. The state requires schools to have classroom instruction 178 days of the year and remain for five and a half hours to count as a full day. Also, students in the eighth grade have to pass a minimum performance test to enter the ninth grade. Thirdly, teachers need to document all their instructions to verify they are meeting the basic skills stated in the curriculm guides. Next, the state adopted several programs to aid teachers' instruction. P.E.T. which means Program for Effective Teaching is a model that helps teachers make effective classroom decisions, and the Arkansas Writing Project is a program which encourages learning through writing. Another asset is an organization entitled Wilbur D. Mills Education Service Cooperative which assists teachers in gathering supplement materials and different types of media. The new standards affect students as well as teachers. Students must take a course of physical education and health in order to graduate. A rotation course for seventh and eighth graders has been set up for them to explore their future careers. Not only did the state change requirements but also England High School. For example, if a student is tardy, he must report to study hall and must forfeit his daily grade for the missed class. Also, detention hall lasts for 30 minutes after school, and a student must provide his own transportation home. It will take time to work the problems out of the new standards, but, hopefully, the changes are a step in the right direction for a better education for future students.

All Region

Members of the senior and junior bands of England schools were given an opportunity to try-out for Regional Bands. Students who made the bands were selected by playing musical pieces and having them judged.

On December 12, the juniors went to Sheridan. Jr. Region band members are: Katie White, Nikki Slayden, Tiffany Desbon, Caranie Hall, Teamekia Tillman, Jay Southerland, Mary Chadick, Jenny Perry, Chris Beaman, Richard Cross, Chris Watson, and Paul Roberts.

Sr. Band members went to Benton on January 16. Sr. All-Region band members are: Andrea Albright, Melissa Tungate, Jackie Melton, Andy Lynn, and Brian Cantrell.

On January 22, the juniors and seniors attended a clinic at Bryant for all Regional Band members. After one day of practice, they performed in concert on January 23.

Jackie Melton and Brian Cantrell, because of their outstanding scores, are eligible to try out for All-State Band in February.

Is there something special in the cabinet, **Kevin S.*?***

The year has flown, and the pages of this book have come to an end. We, the annual staff, have tired to chart the path of the journey through this golden age by capturing the laughter and the tears, the victory and defeat, and the exciting and the mundane. The magical days and nights of 1987-88 will turn every moment of youth into treasurers more priceless than gold.

As the years pass, we hope that the treasured memories of this time will be safely kept in the vaults of these pages.
